Externalisation of IT Services / dedicated team Operating mode

SCOPING

We define together all the details of your project, partners type needed, requirements and specifications

SELECTION

Based on your requirements we identify several potential partners and prepare the structure of the offer. We work together to define the team, the required profiles and estimate their charge

NEGOTIATION & CONTRACTUALISATION

We support you in negotiations with pre-selected partners. We determine together all the elements required for smooth operating of your future team

SET UP

On your request we can help to organise your operational work with the team to define the governance, follow up, reporting, operating modes

A man wearing a headset is shown in profile, working at a computer. The background is a bright, sunlit office environment. The man is wearing a red and blue plaid shirt. The overall scene suggests a professional or customer service role.
